A Planned Area Development Use District (PAD) is applied as an overlay zoning to both residential and commercial properties. The PAD zoning allows flexibility of design and development; however, sets development guidelines in the form of a plan proposed by the applicant and approved by the Planning and Zoning Commission and Town Council. After the PAD zoning is adopted, or if the PAD overlay zoning is already in effect, a Final Development Plan can be brought directly to Council for approval of each phase of development. The Final Development Plan must be completed and in conformance with all applicable Town Codes and requirements before being scheduled for Council review.

13-19-060(H). The Final Development Plan shall include all pertinent information relating to the proposed PAD and contained in the Preliminary Development Plan (as refined and revised) and as may be required by Community Development Department Procedures and policies, the Planning and Zoning Commission, Town Council, or the officer in charge of administering this Chapter as set forth.

1. Name of the development including the Title reading “Final Development Plan for...”
2. Boundaries of development clearly identified and copy of legal description for parcel.
3. North arrow with scales (both written and graphic).
4. Small scale vicinity map showing location of project.
5. Locations and heights of fences, walls or berm.
6. Site Landscape Plan per Article 13-26
7. Site Lighting Plans
8. Signage plans showing proposed locations, uses, sizes, and heights.
9. Structural footprints or building envelopes with setbacks from (a) property lines (or phase separation lines), (b) from rights-of-way (if any), (c) from streets/drives, pavement, washes or (d) open space boundaries.
10. Number of stories and heights of buildings.
11. In chart form provide the following: Total acreage, acreage for each use and each Phase; Percent building coverage by use, area and phase; Parking spaces (required and provided) by use and phase; Landscape area and percentage.
12. In addition to any previously submitted Traffic Engineering Concept Plan, the following MAY be required by the Town Engineer for review:
  - Detailed traffic analysis on access points to site and traffic generators within the site (turning movements, conflict points, etc) recommended speed limits and traffic control devices.
  - Complete construction engineering plans with enough detailed information in plan, profile and cross section to determine the road grades, cut and fill limits, drainage structures, intersections and lot access for a field review by the Town Engineer.
  - Geo-technical report by a Registered Engineer to determine slope stability and recommended slopes on cuts and fills and recommended roadway pavement structure.
  - Final Drainage Report.

13-19-060(M). With the approval of a Final Development Plan by Council, the PAD overlay zoning designation may be used to tailor the strict application of requirements of the underlying zoning district by providing flexibility in design, density and development requirements to meet the specific development representations of an applicant, and upon a determination by Council that such variations or modifications do not adversely affect the intent and purpose of the Comprehensive Plan of the Town of Prescott Valley, nor adversely affect surrounding property (including property values).

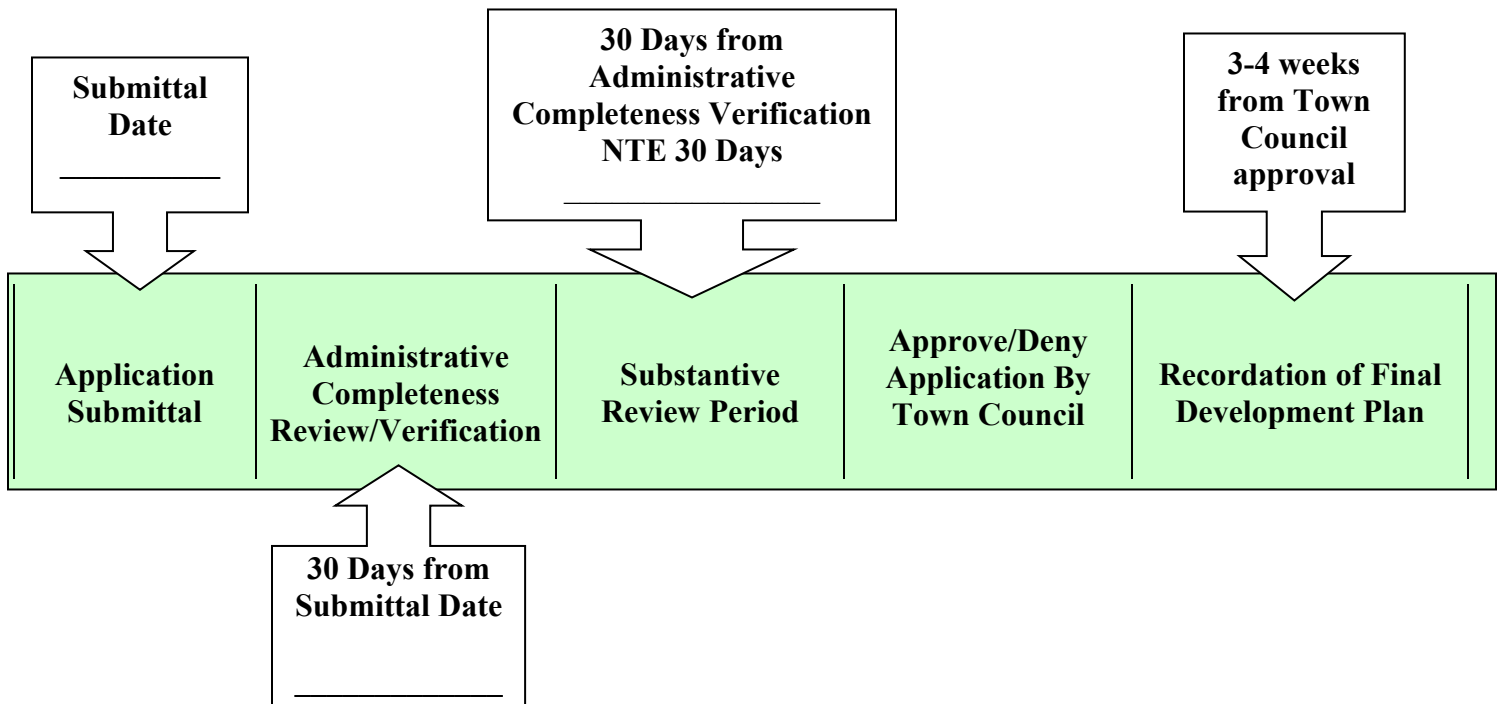

Once the Final Development Plan has been approved by the Council, it can be amended, changed or modified only through the procedures prescribed for application approvals. For purpose of implementation, building permits may be issued in accordance with the approved Final Development Plan, after approval of the required building plans and specifications

## Review of the Final Development Plan

The Town Council meets on the second and fourth Thursdays of each month. The plan and application should be submitted at least sixty (60) days prior to the desired meeting date to allow for statutory review and scheduling deadlines. Applicants should allow 30 days for Completeness Review, which will determine if the application itself is complete and all required plans, diagrams, and related materials have been submitted. If it is determined that the application is not complete, the applicant will be notified in writing of the deficiency. Once a Notice of Deficiency is issued, the administrative review period is suspended until all materials are received.

Once staff has determined that the application is complete, the Substantive Review period begins. The applicant will receive one (1) written notice describing the deficiencies in the design of the plan and/or its component parts. Upon issuance of said notice, the Substantive Review period is suspended until corrections are received. If the mandatory project review determines that the plan complies with town standards it can be scheduled for the next Council meeting based on deadline dates.

### FINAL DEVELOPMENT PLAN APPLICATION PROCESSING

**I have been advised of the maximum timeframe for Completeness and Substantive Review, and understand that these may be extended if the application is determined to be incomplete or incorrect.**

WHEREAS, Proposition 207 added a new Article 2.1 to Chapter 8, Title 12 of the Arizona Revised Statutes (comprising §§12-1131 through 12-1138) dealing with eminent domain and regulatory takings; and

WHEREAS, ARS §12-1134 permits an owner of private real property to seek just compensation from the state or a political subdivision thereof that enacts or applies a land use

WHEREAS, "land use law" includes any statute, rule, ordinance, resolution, or law enacted by the state or political subdivision that regulates the use or division of land or any interest in land; and

WHEREAS, ARS §12-1134(I) recognizes that the state or political subdivisions may reach agreements with private property owners to waive claims for diminution in value resulting from land use law actions proposed by the state or political subdivision or requested by the property owners; and

WHEREAS, Arizona courts have recognized the inherent authority of municipal corporations to enter into agreements within the scope of their legislative powers, the same as individuals and other corporations, in matters that appertain to said municipal corporations [see, *Town of Tempe v. WHEREAS, the Town (through its Common Council) has, on the date first-above written, duly considered and approved this Agreement with the Owner(s) to waive any claims said Owner(s) may have for diminution in value that may result, now or in the future, from the land use law action(s) proposed by the Town or requested by the Owner(s) as more fully set forth herein;

NOW, THEREFORE, for and in consideration of the mutual covenants and promises contained herein (and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged), the parties hereto agree as follows:

SECTION ONE. This Agreement applies to that private real property described in Exhibit "A" attached hereto and expressly made a part hereof ("Property").

This includes (but is expressly not limited to) agreement and consent by the Owner(s) to all conditions that may ultimately be imposed as part of the Action(s).

SECTION FOUR. It is expressly understood by the parties that this Agreement does not add to, detract from, or otherwise modify any discretion, right, power, authority, obligation, or duty of the Town under applicable law with respect to any legislative, administrative, or quasi-judicial action(s).

SECTION FIVE. This Agreement (including any exhibits attached hereto and any addendum) constitutes the entire understanding and agreement of the Owner(s) and the Town and shall supersede all prior agreements or understandings between the Owner(s) and Town regarding the Property. This Agreement may not be modified or amended except by written agreement of the Owner(s) and the Town.

SECTION SIX. This Agreement is made and entered into in Yavapai County, Arizona, and will be construed and interpreted under the laws of the State of Arizona.
